TRAVOLGO

Behind every great trip.

B2B travel technology: agent portal, Hotels API and AI booking, on one platform

TRAVOLGO

Three things to know about TravolGo

1

We distribute B2B

A travel tech company selling hotels, transfers and experiences to agencies, tour operators, OTAs and corporates.

2

We make it easy

Olgo on WhatsApp for agents and TravolGo in Claude for corporates: search, quote and book in the chat.

3

We partner with tourism boards and hotels

Digitising DMCs and giving distribution to the boards' promoted hubs and culture centres.

THE PROBLEM

TRAVOLGO

Travel is still sold by hand. 20 to 40 minutes per quote.

GCC, South Asia and Africa remain manual service driven market. Agents juggle two or three supplier portals and a spreadsheet for every request. DMCs run on email and Excel, rebuilding the same itinerary again and again. The travel tech they are offered is crowded, rigid, expensive and hard to own.

LOST BOOKINGS

1 hour

A client who waits an hour for a price has often booked elsewhere.

RATE ERRORS

Re-keyed

Dates and occupancy typed again and again surface at check-in as disputes and cancellations, on top of the redundant efforts.

WRONG SUPPLIER

Easiest

Agents book whichever supplier is easiest to reach, not the best rate. Hotels lose distribution, clients overpay.

THE PLATFORM

One inventory, every way to sell it

1,000,000+

hotels, 27,000+ directly contracted in 29 countries, transfers in 1,150+ cities and 50,000+ experiences

Agent portal

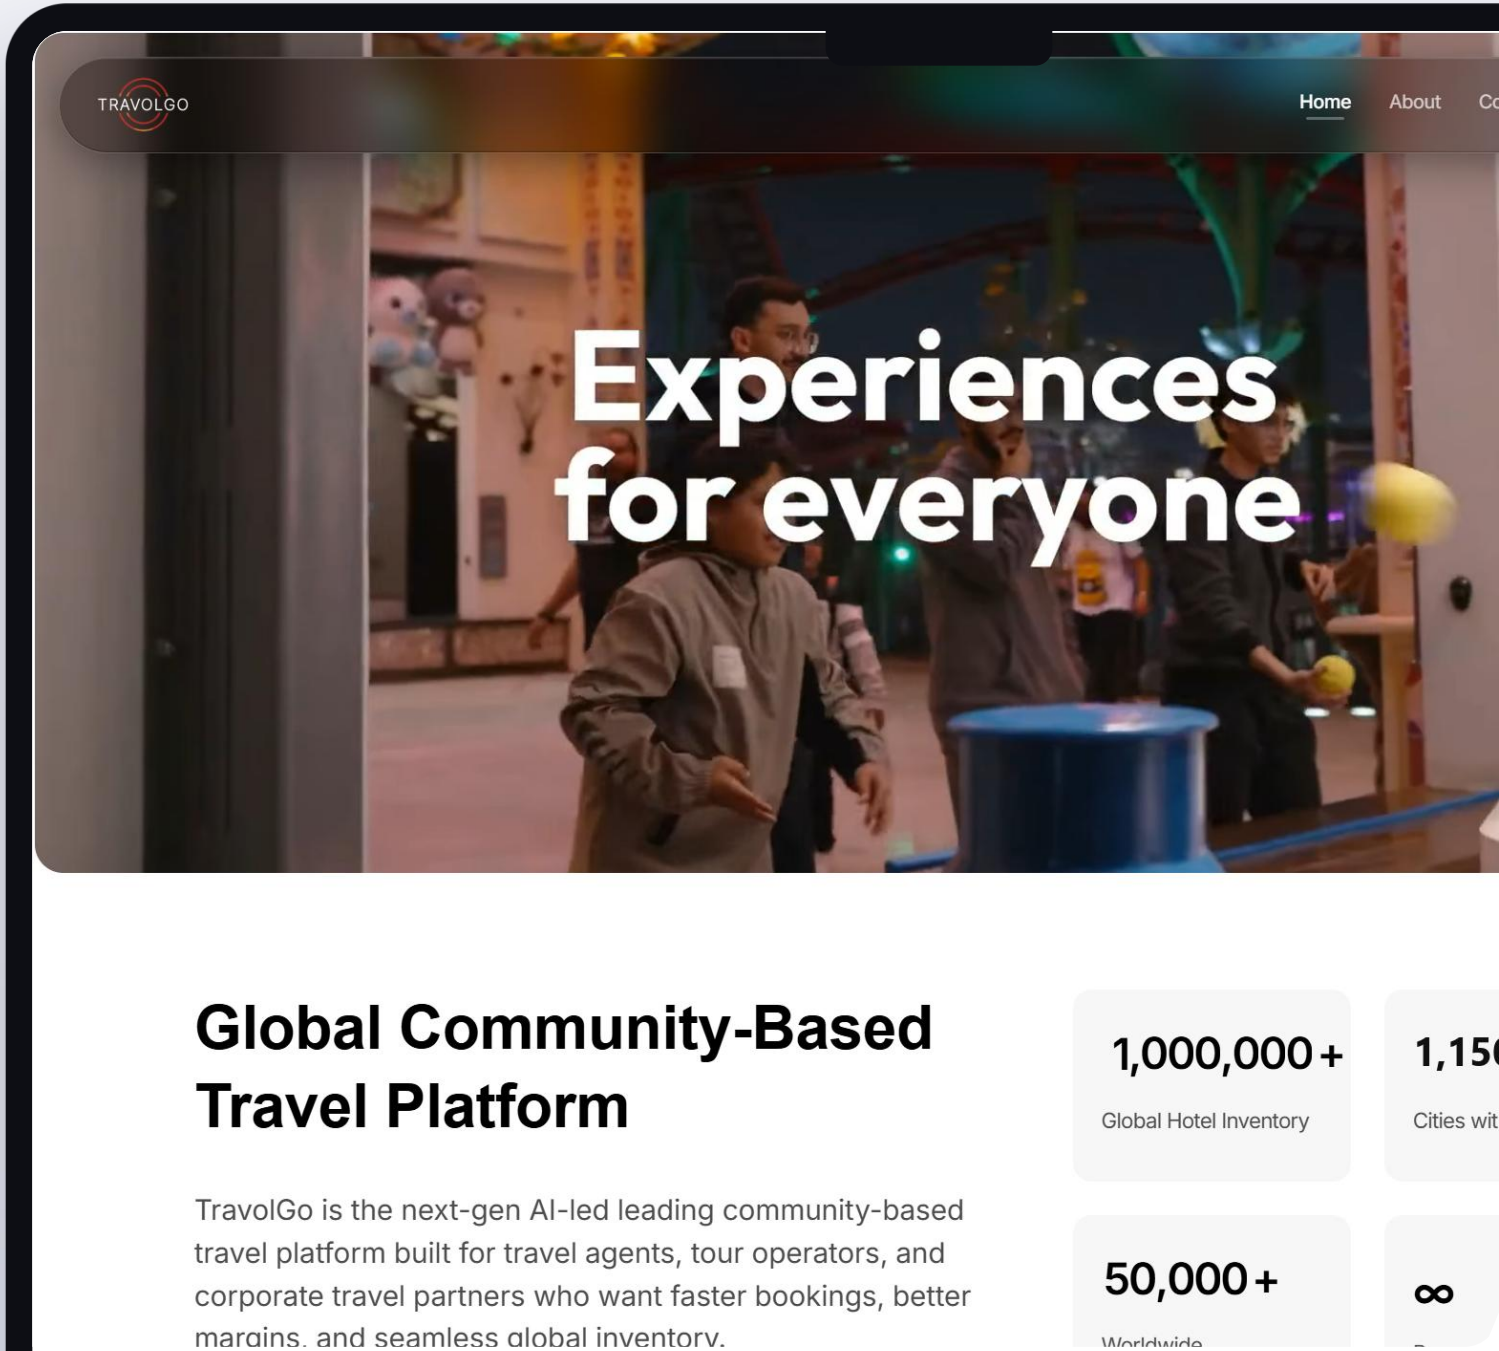

Free to register, approved by our team, priced at each agency's own negotiated margins.

Hotels API

The same inventory for tour operators, OTAs and travel platforms, inside their own systems.

Olgo on WhatsApp

Search, quote and book inside the chat, used by 100+ agencies.

HOTELS API

One integration. Our whole inventory.

Tour operators, OTAs and travel platforms plug into the same engine that runs our portal and Olgo, priced at their own margin.

REST + JSON | One API key | Partner-level pricing

1M+
hotels behind one API key

27,000+
direct hotel contracts in 29 countries

WHAT PARTNERS GET

Locations and static content	destinations, hotel details, photos
Search and rates	availability and room-level rates
Book with confidence	re-verified rate, then instant confirmation

api.travolgo.com/v1

```
POST /v1/hotels/search
{
  "city": "Dubai",
  "checkIn": "2026-10-12",
  "checkOut": "2026-10-15",
  "rooms": [{ "adults": 2 }, { "adults": 2 }],
  "currency": "AED"
}

200 OK
{
  "hotel": "Suha JBR Hotel Apartments",
  "room": "Deluxe 1 Bedroom Apartment",
  "board": "BB",
  "price": { "currency": "AED", "total": 4138.55 },
  "refundable": true
}
```

Sample request as in our API documentation; response shortened

TRAVOLGO

Digitising DMCs to distribute the hubs boards promote

TOURISM BOARD

Promotes

The hubs and culture centres it wants more travellers to reach.

→

TRAVOLGO

Digitises

The local DMCs that sell them, with live rates and a full back office.

→

CHANNELS

Distributes

Portal, API, Olgo on WhatsApp and TravolGo in Claude.

→

REACH

New buyers

Agents across the GCC, India and Africa, partner OTAs and corporate teams.

Work in progress: DMC digitisation in Saudi Arabia · an AI connector for WTTC's Together in Travel

DMC SYSTEMS AND AUTOMATION

We build the DMC's office on our platform

Destination management companies get systems tailored to their operations and brand, built on the engine we already run, not rebuilt from scratch.

FRONT OFFICE

Sales and CRM

Tour operator database, inquiry pipeline, proposal versions, lead capture from web, email and WhatsApp.

MID OFFICE

Operations and supply

Rate loading, templated itineraries, on-system costing and documentation. Fed once, reused every time.

BACK OFFICE

Finance and control

Automated invoicing and vouchering, currency and markup automation, credit, audit trails, finance exports.

IN BUILD **Eastbound**, an inbound DMC for India, UAE, Nepal, Bhutan and Sri Lanka: front, mid and back office behind one login.

MEET OLGO

An AI booking agent that lives in WhatsApp

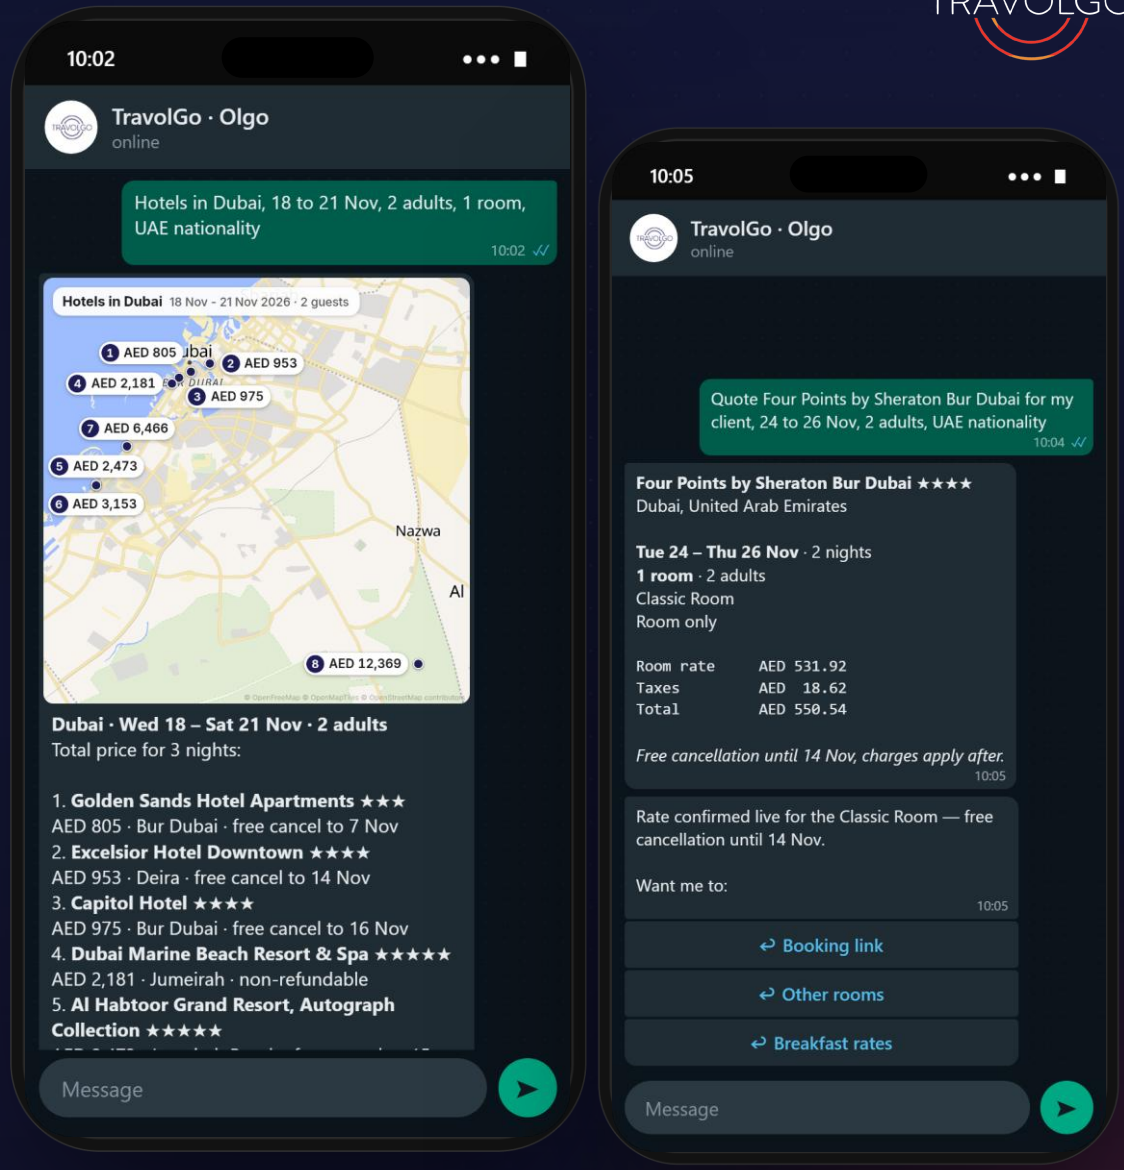

The agent types the client's request in plain words. Olgo answers in the same chat with a priced shortlist on a map at that agency's own rates, then a re-verified quote and a booking link.

Minutes
not hours, from request to client-ready quote

No login
the sender's phone number identifies the agency

Live
every quoted rate re-checked with the supplier first

100+
agencies using Olgo

HOW IT WORKS

From a WhatsApp message to a verified quote

1

Plain words in

"Makkah 8 to 11 Dec, then Madinah 11 to 14 Dec, 2 adults"

2

Agency recognised

Phone number resolved to the agency and its margins before any search.

3

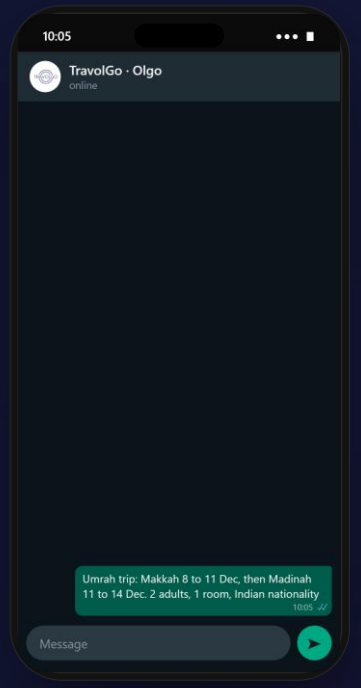

Live search, re-verified

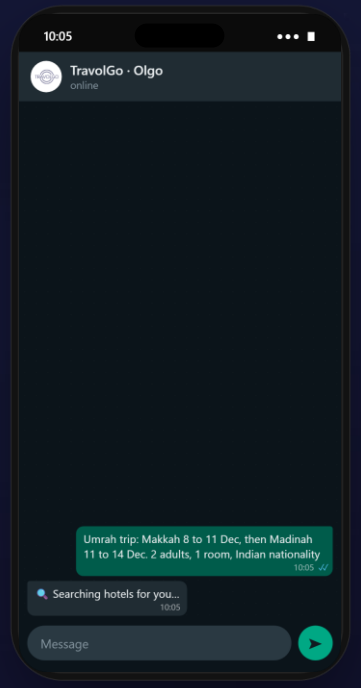

Both cities searched live, then sent as a map picture with the priced list.

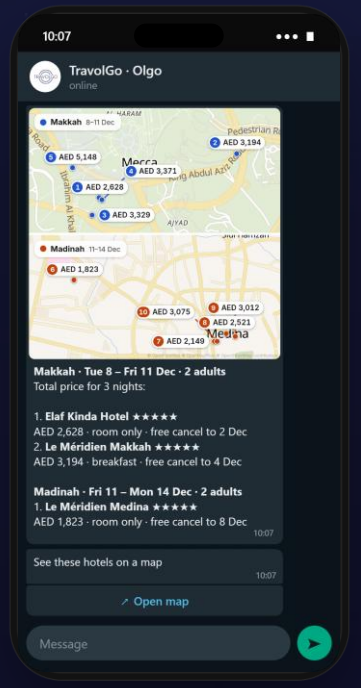

4

Quote and link

A text quote (room rate, taxes, total) for the agent's margin, plus a booking link.

NEW · LISTED IN CLAUDE'S CONNECTORS DIRECTORY

Corporate travel teams can arrange land travel inside Claude

STEP 1

Sign in once

A one-time code sent to the registered WhatsApp number links the account.

STEP 2

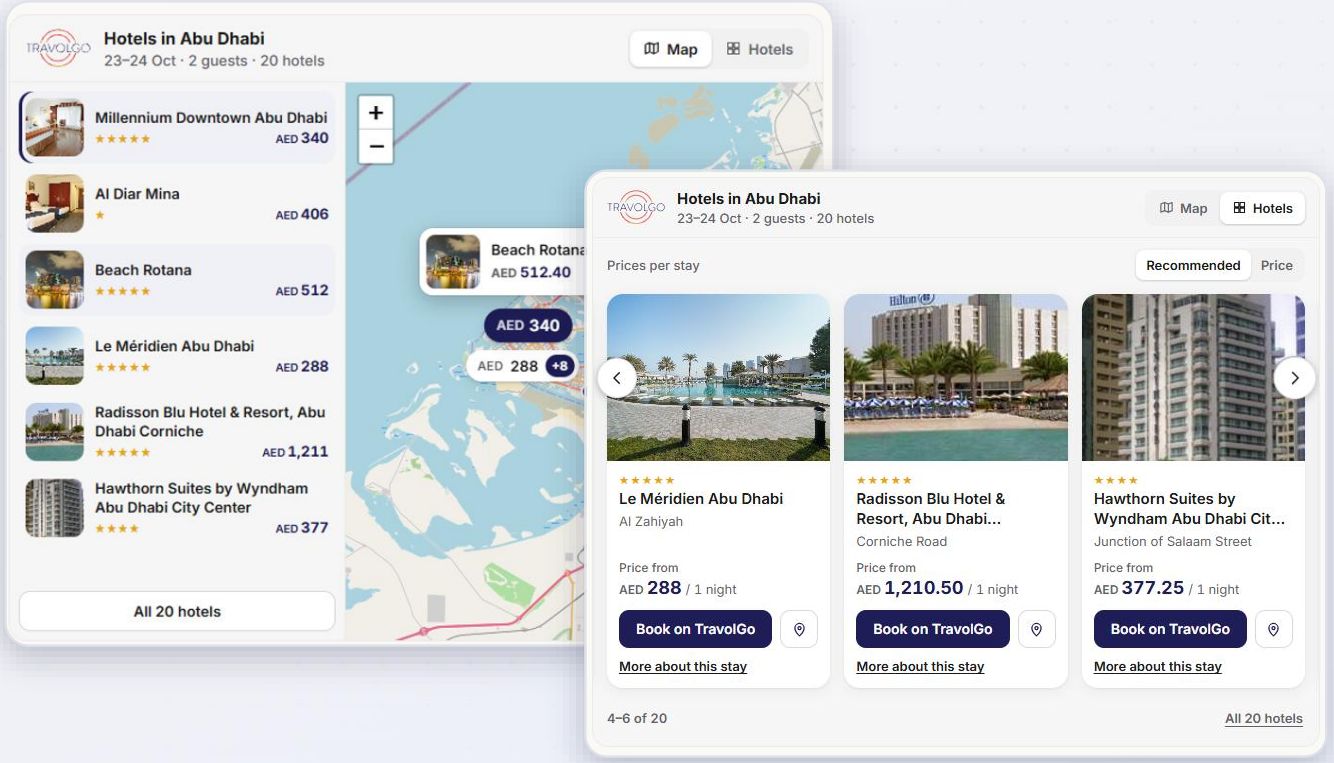

Ask in plain language

Hotels searched and quoted on live inventory, with the same tools as Olgo.

STEP 3

Your prices only

The account's own negotiated pricing, never anyone else's.

One engine, three AI surfaces: **WhatsApp for agents, Claude (Anthropic) for corporates, the API for partners.**

TECHNOLOGY · WHAT IS NEW

TRAVOLGO

The model decides what to do. The tools decide what is true.

Olgo never touches inventory directly. It works through our own Model Context Protocol server with 14 tools, so it cannot invent a hotel, a rate or a room.

UNDERSTAND

destination_resolve
Messy place names to ids

hotel_name_search
A named hotel in one city

hotel_resolve_global
Any property, worldwide

SEARCH

hotel_search
Live priced shortlist, near=

hotel_search_multi
Makkah + Madinah, per leg

hotel_preview
Photo teaser, no prices

VERIFY

hotel_rate_refresh
Pin exact room and meal plan

live_rate_recheck
Re-check with the supplier

PRICE

pricing_calculate
Supplier × FX × agency markup

currency_convert
Client's currency

DELIVER

quote_generate
No net rate exposed

itinerary_quote
Multi-leg, one pass

portal_deeplink_create
Booking link

voucher_lookup
Agency's own bookings

Built like a bank, not a chatbot: durable message queue, per-conversation lock, a ledger of every tool call and quote, and a watcher that pages a human.

AI AT TRAVOLGO

Live today, and what comes next

LIVE

Olgo on WhatsApp

AI booking agent for travel agencies, used by 100+ agencies.

TravolGo MCP server

14 booking tools any AI assistant can use, including a live connector at mcp.travolgo.com.

Built for WTTC

An AI connector to Together in Travel, WTTC's knowledge hub for small travel businesses, answering with cited articles.

IN BUILD

DMC lead capture

Web, email and WhatsApp inquiries turned into drafts a person approves.

Weekly AI digests

Pipeline and meeting summaries for DMC management.

Olgo for DMCs

The same WhatsApp agent taking inquiries for a DMC's own clients.

PIPELINE

Intelligent search

Recommendations from each agency's preferences and past bookings.

Automated pricing

Dynamic, competitive rates with routine confirmations handled automatically.

AI support

Instant answers for agents and their clients, around the clock.

TRACTION

Bootstrapped and profitable, at scale

ANNUAL REVENUE

US$2M

Profitable, with no outside funding

60,000+

travel agents in our agency network across the GCC, India and Africa

27,000+

hotels directly contracted in 29 countries

190+

countries bookable

85,000+

cities and destinations

100+

agencies using Olgo on WhatsApp

MARKET

Large markets, still mostly offline at the B2B layer

GLOBAL B2B WHOLESALE HOTEL DISTRIBUTION

US$34bn

by 2032, up from US$18.6bn in 2024

GCC HOSPITALITY, 2026

US$34bn

Saudi Arabia alone about US$29bn

INDIA HOSPITALITY, 2026

US$28bn

market size

55%

of Indian travel bookings still go through offline channels

Across the GCC and India the independent agency, selling over WhatsApp, is how most leisure and pilgrimage hotels are sold.

Sources: published industry reports, 2026.

BUSINESS MODEL AND GO TO MARKET

Free for agencies. A margin on every booking.

SUPPLIERS

1,000,000+ hotels

27,000+ direct contracts in 29 countries, plus bedbank inventory

TRAVOLGO

Portal · API · Olgo

Earns its own margin on every booking

TRAVEL AGENCIES

Their own margins

Resell to clients at their markup. Instant high quality flyer ready.

HOW AGENCIES ARE WON

Agency network	60,000+ travel agents across the GCC, India and Africa
Trade shows	GITEX, ATM, WTM, ITB, SATTE and regional shows
Outreach and referrals	email and WhatsApp outreach, referrals from agencies
Onboarding	free registration, approval, named key account manager

WHERE NEXT

Olgo as the wedge	an approved agency is live on WhatsApp the same day
East Africa	Kenya has begun; Uganda, Tanzania, Rwanda, Ethiopia in 2027
GCC	dedicated account management for Qatar and Saudi Arabia
Partner API	tour operators and OTAs outside our territories

COMPETITION

Bedbanks need a portal. We serve the agent, in the chat.
